Question: The painting *The First Thanksgiving 1621* helps historians understand the relationship between the Wampanoag Indians and the Pilgrim settlers in 1621.

Do you agree or disagree? (Circle one.)

Briefly support your answer:

The painting *The First Thanksgiving 1621* would not help historians understand the relationship between the Native Americans and Pilgrims in 1621 because the painting was created 311 years after the event took place. Additionally, we don't know what the artist used to base the painting on and the image is inaccurate. The Native Americans were the ones helping the Pilgrims.
